

ATASCOSA COUNTY JUDGES REPORT

Early voting started this past Monday and will continue until November 4. Please be sure to vote in this crucial election. It is our God-given and blood-bought right and privilege as citizens of the United States. I hope everyone reading this remembers and uses the voting benefit as intended. Be thoughtful and vote for whom you wish. I advise prayer over your decision. It never hurts to ask God to direct you in your decision.

I voted Monday. I do it every time on the first day to check out the machines and equipment. The County bought new check-in equipment. We are still very pleased with the Election Systems and Software (ES&S) voting machines and continue to appreciate them. We have been very displeased with the check-in equipment where you turn over your driver's license, and the person scans it so the system can pick up your name and voter information. We just bought a new system, the first time we have used it. On Monday, I was delighted with the ease of use when I checked in.

It is so important to me to make it easy for everyone to vote in this county, and I am very proud of our election workers.

Thanks for listening. May God bless us all. And, God, thank you for the rain. Please bring more! Amen.
